Palmyra from the Sky

The Four Ways Test...
In everything we speak, say, or do...

Is it the **truth**?

Is it **fair to all concerned**?

Will it build **good will and friendship**?

Is it **beneficial to all concerned**?

***Get to know perspective member Jamie Yarrow:**

Even though Jamie does not live in our area she is the branch manager at Reliant Credit Union in Macedon. She volunteers her time at the Wayne County Children's Cancer fund, and is also involved in various ways throughout our community being with the credit union. Jamie is being sponsored by past president Cindy Surline. She has attended her second meeting with us, and hopes to be inducted soon! So let's all welcome Jamie into our club and show her what a great time we have while helping improve our community, and the world.

***Speaker- Marissa Pennetta:**

Our speaker Marissa Pennetta is in charge of the work base learning at Pal-Mac High school and also Wayne Central School. Marissa is available to all students to help decide which career they might be interested in studying. She helps juniors and seniors get set up with internships at local companies. Some students just shadow for a day when others take on 30-100 hours of experience. This opportunity is open for all students from freshman year up to their senior year. However most students that take on the opportunity are in 11th and 12th grade. Marissa also joined us last year for a Rotary meeting that was held at Parkwood.
